

RP18 etching press

A2 Format. Bench or cabinet mount – printmaker's choice.

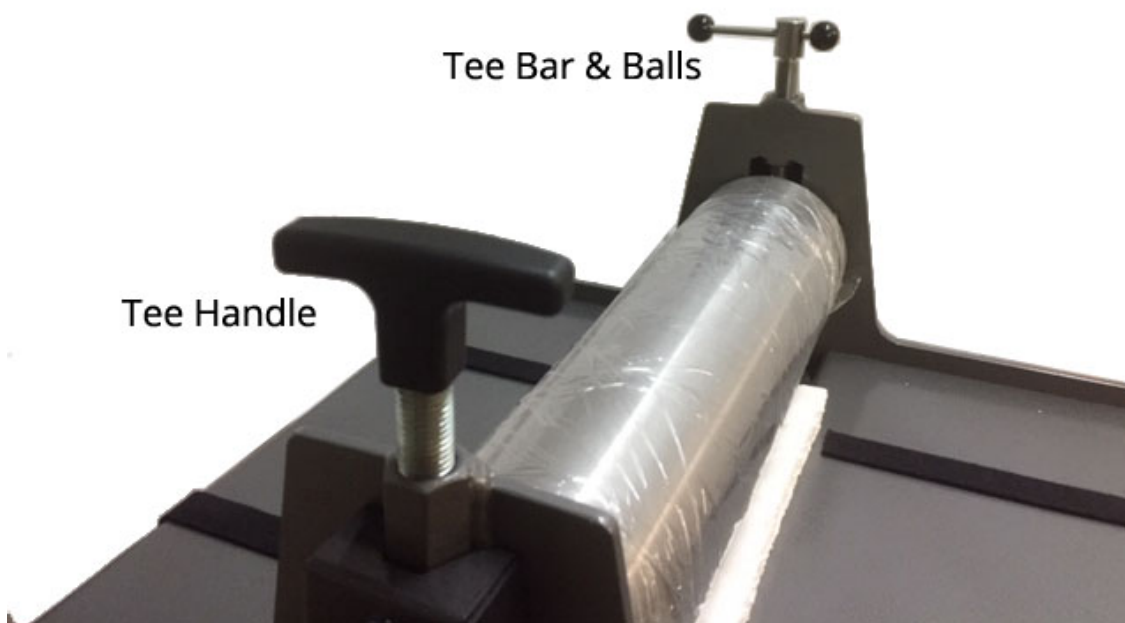

This printmaking workhorse is configured for A2 format and is able to print intaglio processes. Presses of this configuration are made by all the long established makers. The presses are robust, with direct drive and professional wheels. Bedplates of composite materials are effective, long lasting and safer than steel. An economical industrial ply stand is available.

The enjay RP18 offers:

- Solid engineering design; zero maintenance requirement
- Exceptional value for money
- 5 year warranty

Technical:

- Robust and rigid laser cut frame unitary welded construction
- Upper roller 114 mm diameter
- Lower roller 88mm diameter
- Sealed ball bearings
- Laminate bedplate with high compressive strength 460mm x 850mm
- Professional hand wheel [890mm diameter with 32mm diameter rim for solid grip]
- Gearing: direct drive on RP18D OR 2:1 by gears [not chain] on RP18G
- Steel cabinet base has a convenient storage shelf & provision for locking wheel
- Alternative economical stand is form plywood
- Felts kit is industrial grade wool comprises 1 x A and 2 x B grade 3.2mm
- Semi-rigid overlay sheet 450mm x 800mm x 2mm is polycarbonate
- Pressure screws with Tee Handle are standard
- Pressure screws with Tee Bar with black balls are optional (see pic)
- Mass of main lift: RP18Direct is 35kg and RP18Geared is 43kg

**Safety:**

- There are no hidden finger trapping points
- Cautionary stickers are placed near the obvious top roller/bedplate area
- Low mass bedplate is supported on low friction slides without wheels
- Bed stops and anti-lift pins prevent bedplate accidentally exiting the press
- The fully enclosed covers at sides and lower roller exclude fingers
- Provision for locking the handwheel (for cabinet or stand)

Transport:

- The RP18D is so compact and light, it easily fits into most cars
- Main lift 35kg, bedplate 4kg, handwheel 6kg
- We deliver the press by Pack & Send to any of the P&S depots. You can pick it up there or have it delivered by P&S to your door
- Assembly is easy, following the clear instructions in the manual.

Optional:

- steel cabinet base with shelf
- fully lockable castors (on steel cabinet only)
- Industrial plywood stand
- handwheel locking bar (for cabinet or stand)
- felts kit
- overlay sheet
- tee bar pressure screws for RP18Direct
